FOREWORDS

Salam Lestari,

May we all always be in His protection.

We give thanks to God Almighty who has made our activities run smoothly and successfully. We also express a big thank you to all those who have supported Hafizah Ghazali for Sustainability Semarang City #2.

We also thank the donors, the government, the private sector, as well as planting partners, all planting action participants from LindungiHutan's nature friends, farmers and local communities.

With the intention of reforesting our area, we are hoping that the purpose of preservation of nature is within reach and all kinds of disaster risks can be reduced, along with the increased public awareness after this activity.

This report is part of our responsibility to represent all activity implementers so that transparency is formed between the supporting parties and the activity implementers.

Thus, this report is made in truth, as for the shortcomings found are part of our negligence, and we apologize for it.
